DESCRIPTION:

Surfboard shaped cutting board, made of bamboo. 23" x 7 1/2" x 5/8". Bamboo is the ecological green alternative for all things wood. It is fast growing, produces more oxygen than a hardwood forest, reduces carbon dioxide gases, and prevents soil erosion due to widespread root system & large canopy. We use only the highest quality bamboo, harvested at the age of 5 years, we choose to use "Moso" timber bamboo for its strength, density and versatility.

PRICE \$79.00

DESCRIPTION:

Cobalt, teal and white glass gift/award ocean wave sculpture or Conch Shell. Colors are blended into a swirl, cased in clear then tooled into a wave curl with white foam. Every wave is completely unique, like every eave on every beach across the globe. New Art Glass is an American Glass Studio that will create your own custom designs or choose from hundreds of published designs for quick turnaround.
